Approvals:

This compound is approved for use in premises processing all animal product except dairy, operating under the Animal products Act regime.

This approval is under the following regulations and notices, subject to the conditions stated in this approval:

1. Regulation 11(4)(b) of the Animal Products Regulations 2000 and Regulation 18(4)(b) of the Animal Products (Regulated Control Scheme – Limited Processing Fishing Vessels) Regulations 2001

2. Clause 4(1) of Animal Products (Specifications for Limited Processing Fishing Vessels) Notice 2005, Part 1 Clause 1.2 of the Animal Products Notice: Specifications for Products Intended for Human Consumption issued 2016, and Part 1, Clause 1.2 of the Animal Products Notice: Specifications for Products intended for Animal Consumption, issued 2017.

Conditions:

1. This may be used for sanitising of large processing rooms provided all edible product and packaging material is removed from the room before application starts, unless the room can be divided into distinct areas, no edible product or packaging material is present in the area during application and there can be no possibility of contamination of product or packaging material as a result of application.
2. This may be used on clean hard surfaces, a rinse with potable water is not required.
3. Food contact surfaces must be thoroughly drained to minimise residues.
4. On non-food surfaces, such as floors, walls and ceilings, higher concentrations may be required to control microbial growth. This is allowed provided there is no risk of contamination of the edible product.
5. Where these conditions cannot be met a potable water rinse is required.
6. This compound must always be used at the dilutions recommended by the manufacturer.

This approval may be withdrawn at any time due to unapproved directions for use, or unsatisfactory performance, or any change in product formulation. The Ministry for Primary Industries (New Zealand Food Safety) must be notified if the holder of this approval wishes to transfer their products to another entity.

The product must be used in accordance with the manufacturer's instructions and specifications. The label may include a statement to the effect that the product is approved for use in premises registered under the Animal Products Act regime. Any statements made, however, must include the approval code and must be limited to the following unless otherwise specified:

MPI Approved C 42 (All animal product except dairy)

Note: Former NZFSA statements must be removed from your labels.
